Drug and
Alcohol Service

Cheshire East

We empower children and young people to cope with difficult family situations and feel stronger in themselves.

**We won't judge anyone involved,
and this is a confidential service.**

Please email Joy.Johnson@cgl.org.uk
or call **01625 464 995**

We support children and young people who may have been affected by someone else's drug or alcohol use.

This is a safe space for people to explore their feelings about a situation they might not feel they have much control over. We work with children and young people between the ages of 5 to 18.

We empower them to identify their own goals and achieve their full potential. Together with each child or young person, we decide on age-appropriate activities such as games, art and crafts, and emotional wellbeing resources to help them make sense of their experiences.

This is a confidential service.

“My worker made me realise my dad’s actions aren’t my fault. She made me feel more confident than I ever was before.”
